

Kitchens and Bathrooms Refurbishment

Peabody and Hammersmith & Fulham Council

Project Overview

CLS Group delivered a comprehensive kitchen and bathroom refurbishment programme for Peabody and Hammersmith & Fulham council through Axis Europe.

We successfully replaced 40 kitchens and 40 bathrooms across a variety of property types, including houses, flats, and high-rise blocks.

Throughout the works, we ensured residents were regularly updated on progress through letters, in-person visits, and WhatsApp, with a focus on minimising disruption to their daily lives.

Where needed, we implemented tailored adaptations—such as installing dimmable lighting and pull-down drawers for residents with specific needs.

Details

- Full strip-out
- Installation of 40 new kitchens and bathrooms
- Complete redecoration
- Tiling throughout
- Special adaptations where required

£300,000 value | 6 months duration (+ongoing)

Benefits

- Modernising and upgrading properties
- Enhancing living standards
- Improving overall appearance

"CLS Group undertook work on my kitchen and bathroom, and I'm extremely pleased with the end result. The improvements have truly transformed my home, encouraging me to complete further renovations myself. The CLS team kept me informed throughout the process, providing regular updates and clear communication about any changes. I wouldn't hesitate to recommend them to friends or family. Their work has been brilliant, and I'm looking forward to enjoying my refreshed home. Thank you, CLS!"

– Kelly, Peabody resident

Our Client

CLS Group has been delivering planned maintenance for Axis across London, helping to enhance the safety, comfort, and overall condition of their housing stock. Our work, which continues as part of an extended contract, includes cyclical refurbishments such as redecorations and renewal of kitchens, bathrooms, doors, and external structures.
